# Kanokwan Ruangsri-amphai

**Project Manager, Finance Systems**

Bangkok · kanokwan.ruangsri-amphai@example.com

## Summary

Project manager with 10 years of project management experience in insurance and consulting, focused on finance and procurement systems. Accountant by training, so I can sit between the CFO's team and the system integrator and make sure both sides mean the same thing. I care about clean data, realistic plans and users who are ready on day one.

## Experience

**Project Manager, Finance Systems** Siam Sarika Insurance Co., Ltd. Jan 2020 – Present

- Led the Oracle Fusion ERP (finance and procurement) rollout from design to go-live.
- Owned the project budget of THB 8 million and reported progress and risks to the CFO every month.
- Led change management and user training for 240 finance and procurement users: 18 key users, role-based classroom sessions and floor support for the first month after go-live.
- Manage a team of 6 internal analysts alongside the integrator's consultants; now running the follow-on project for automated month-end reporting.

**Project Coordinator → Project Manager** Orvane Consulting Asia Co., Ltd. May 2016 – Dec 2019

- Coordinated plans, issue logs and steering committee packs for finance system projects at retail and manufacturing clients.
- Managed accounts payable automation and reporting projects of four to six months each, from kickoff to client sign-off.
- Worked with client and regional teams in Singapore and Malaysia, with all project documents and meetings in English.

## Education

B.Acc., Chulalongkorn University, 2016

M.B.A. (evening programme), Thammasat University, 2021

## Certificates
