SUMMARY

Project manager with 11 years of experience in warehouse and transport systems at a national freight company. I work between the warehouse floor and the IT team: I know what a picker needs on the night shift, and I can turn that into a plan a vendor can deliver.

EXPERIENCE

Operations Systems Project Manager *Stonereach Freight Co., Ltd.* Mar 2018 – Present

- Led the warehouse management system rollout end to end at 6 distribution centres.
- Selected Manhattan WMS together with IT and finance, then ran design, testing, cut-over and hypercare one centre at a time.
- Led user training and change management for the rollout: 18 super-users, shift-by-shift coaching on the floor for 520 warehouse staff, and a daily issue stand-up for the first month at each site.
- Lead a team of 7: 3 business analysts, 2 site coordinators and 2 IT specialists.

Warehouse Systems Lead *Stonereach Freight Co., Ltd.* Sep 2015 – Feb 2018

- Managed the handheld scanner and barcode labelling project across 3 distribution centres, from a two-month pilot to daily use.
- Ran a dock scheduling project that cut average truck waiting time at the Lat Krabang centre from 70 to 35 minutes.
- Wrote the warehouse process requirements later used to select the new warehouse platform.
- Managed a team of 4 shift supervisors and 1 IT technician.
