Technology Executive · Former CTO

Bangkok · chatchai.amornthepwong@example.com

Summary

Technology leader who ran large IT programmes in energy and then built the engineering side of a software company as its CTO. I now want to return to hands-on programme leadership inside a business going through a major system change.

Experience

Chief Technology Officer Copperkite Software Co., Ltd. Jan 2016 – Dec 2025

- Grew the engineering organisation from 12 to 85 people across product, platform and QA.
- Set the technology strategy and architecture for the company's software products for retail and logistics customers.
- Sat on the management committee and owned the technology hiring plan and vendor contracts.
- Introduced quarterly planning and a monthly delivery review across all product teams.

IT Project Manager Tidewell Energy Co., Ltd. May 2009 – Dec 2015

- Led the core billing platform replacement end to end, 1.2 million customer accounts.
- Owned the programme budget of THB 200 million and a combined team of 30 internal staff and vendor engineers.
- Planned the data migration and cut-over across two weekends with no missed billing cycle.
- Ran 5 smaller projects in metering, customer self-service and data warehousing.

Education
