Project Manager, Energy and Asset Systems

Bangkok · duangkamol.srithongchai@example.com

SUMMARY

Project manager with 10 years of project management experience, all of it at Tidewell Energy. I bring engineers, plant managers and IT around one plan, and I stay close to the plants until a new system is part of the daily routine. Strongest on maintenance and asset processes.

EXPERIENCE

Project Manager Tidewell Energy Co., Ltd. Jan 2018 – Present

- Led the IFS ERP rollout end to end across 4 power plants.
- Replaced paper work orders and three separate maintenance databases with one asset register covering 48,000 pieces of equipment.
- Led change management and user training for 520 maintenance, stores and finance staff: plant champions, sessions planned around shift rotas and a support hotline for the first two months.
- Manage a team of 8 internal staff and the vendor's consultants; chair the monthly steering meeting with the plant directors.

Assistant Project Manager Tidewell Energy Co., Ltd. Feb 2016 – Dec 2017

- Supported the control-room upgrade at the Rayong plant: schedule, risk log and contractor coordination.
- Prepared monthly progress reports for the management committee.
- Organised factory acceptance tests and handover documents with the engineering team.
