**IT Project Manager | ERP and supply chain systems**

Nonthaburi · sasithorn.lertpanyawit@example.com

## Summary

IT project manager with 12 years of project management experience in manufacturing and logistics. I led an SAP ERP rollout from blueprint to go-live at a logistics company, and today I run the IT project portfolio of an industrial group. Calm under pressure, firm with vendors and careful with money.

## Experience

**IT Project Manager** Pakthong Industrial Group Co., Ltd. May 2018 – Present

- Run a portfolio of 5–7 IT projects a year across 3 factories and head office, from business case to handover.
- Managed the move of the group's data centre to a cloud provider in 9 months with no unplanned downtime.
- Lead a team of 6 project staff and manage 4 vendor contracts.
- Set up a monthly project review board that cut late projects from 40% to 15%.

**Project Manager** Khlongsai Logistics Partners Co., Ltd. Feb 2014 – Apr 2018

- Led the SAP ECC ERP rollout end to end for 2 warehouses and head office, from blueprint and data migration to go-live and hypercare.
- Owned the project budget of THB 15 million and closed the project within budget.
- Coordinated the implementation partner, the hardware vendor and a project team of 9.
- Delivered smaller projects on warehouse layout and truck route planning.
