Suphachai Meesuk

IT Project Manager, Energy
Bangkok · suphachai.meesuk@example.com

SUMMARY

IT project manager at Tidewell Energy, where I moved up from IT analyst. I run internal IT projects for the head office and the power plants, and my strength is reporting and data: I make sure managers see the right numbers every morning.

EXPERIENCE

Project Manager *Tidewell Energy Co., Ltd.* Feb 2019 – Present

- Member of the IFS ERP project team (reporting module).
- Manage internal IT projects such as the data-centre server refresh and new Wi-Fi at two plants, from requirements and vendor quotes to handover.
- Built and maintain the Power BI dashboards that plant managers use for daily output, fuel use and outage reporting.
- Lead a team of 4 developers and analysts; write requirements and test plans with the business teams.

IT Analyst *Tidewell Energy Co., Ltd.* Jan 2016 – Jan 2019

- Supported the finance and maintenance applications and wrote SQL reports for the plants.
- Handled second-line support requests from head office and plant staff, including month-end report fixes.
- Documented the interfaces between the plant systems and the head office databases.

EDUCATION

B.Sc. Computer Science, Khon Kaen University, 2015
