Supawadee Inthasorn

Project Manager, Web and Mobile Apps

Bangkok · supawadee.inthasorn@example.com

SUMMARY

Agency project manager with 5 years of experience delivering websites and mobile apps for brands, and a web developer before that. Because I used to write the code, I can tell when an estimate is optimistic and when a "small change" is really a two-week job.

EXPERIENCE

Project Manager Ardent Loop Digital Co., Ltd. Mar 2021 – Present

- Delivered more than 20 client projects: corporate websites, campaign sites and mobile apps for hotels, schools and consumer brands.
- Manage 3 to 4 projects at a time with a team of 10 designers, developers and testers.
- Introduced two-week sprints and a shared client board, which cut late change requests by about a third.
- Run client workshops, estimates and weekly status meetings with marketing teams.

Web Developer Ardent Loop Digital Co., Ltd. Jan 2018 – Feb 2021

- Built responsive websites in WordPress and React for more than 30 clients.
- Set up the team's code review and testing checklist, still in use today.
