Malee Sritrakul

Project Manager | Supply chain and operations

Samut Prakan · malee.sritrakul@example.com

SUMMARY

Project manager in consumer goods with a supply chain background and 7 years of project management experience. Before moving into project management I was the supply chain workstream lead in an ERP project, which taught me how much a new system depends on the people who use it.

EXPERIENCE

Project Manager Malaithip Cosmetics Co., Ltd. Aug 2019 – Present

- Run cross-functional projects for product launches, packaging changes and distribution improvements.
- Managed the move to a new distribution centre in Bang Phli with no missed customer orders.
- Lead a team of 6 planners and coordinators and report monthly to the operations director.
- Cut new-product launch time from 14 to 10 months with a stage-gate process.

Supply Chain Analyst Halvorsen Packaging (Thailand) Co., Ltd. Feb 2015 – Jul 2019

- Workstream lead (supply chain) in a Dynamics 365 ERP rollout, reporting to the programme manager.
- Led user training for the supply chain team before go-live: 8 sessions for 60 planners and warehouse staff, plus quick-reference guides in Thai.
- Built demand forecasts and safety-stock models for 1,500 SKUs.
